Members \$240 , Non-members \$280

Material fee \$5 for handouts

Registration opens January 23, 2023 at 12 noon EST

Registration deadline: March 11, 2023

Cancellation deadline: February 22, 2023

Location: Planning session on Zoom, March 18th. In-person class begins on April 15th in Room #1 at The Triangle Fiber Arts Center.

Description

Students will have the opportunity to weave a scarf and some samples in either a 4-harness twill or an 8- harness turned twill pattern. This class will be a good refresher for planning your project, measuring your warp, and setting up your loom.

Students are responsible for purchasing their own Tencel yarn (or equivalent), so we will have a planning session on Zoom 3 weeks before class begins to discuss draft choices and color & design.

During the in-person class at TFAC we will cover different treadling methods, tips for becoming friends with your loom, managing selvages, designing at the loom, weaving, and finishing your project, and more.

Prerequisites for participants

- Must have warped a loom before.
- You will need to download the Zoom app on a desktop, laptop, tablet or smart phone before the class and know how to use it.

Materials to be provided by/additional instructions for students

- Must supply a minimum of 2 or 3 colors of 8/2 Tencel (preferred) or 8/2 bamboo or cotton.
- This project is done on 8 shafts but a four shaft option will be provided. Please specify which loom you would prefer. The guild only has five eight harness looms which will be assigned on a first come, first served basis.
